

Espresso Yourself.

Add authentic Italian espresso to your workplace coffee station.

Espresso and espresso based coffees are hot!

In fact, it's likely that more than a quarter of your employees and guests ages 19-49 had an espresso-based beverage yesterday.¹

One sure way to please your espresso-drinking employees and guests is with the Lavazza COMPACT Brewer – the perfect compact machine that delivers maximum quality in minimum space. Easily brew a quality espresso with the touch of a button, then use your own ingredients to create your favorite espresso-based beverage. So, serve up an Americano, Lattes, Cappuccinos and more for a coffeehouse beverage at work!

This state-of-the-art machine guarantees a perfect espresso with just one touch.

Thanks to the automatic ejection system, you don't have to think about removing the capsules after use. Its sensors and electronic control let you know when the water is finished and when the capsule collection drawer is full, and its automatic stand-by function saves energy.

Your employees and guests can choose the type of espresso they like best from three delicious brews: Lavazza Dolce 100% Arabica coffee, Lavazza Intenso, Lavazza Caffè Crema Dolce or Decaf.

Caffè Crema
(100 count)
