

# bottom-load dispenser

STYLISH • CONTEMPORARY • CONVENIENT

## Premium, revolutionary design

The bottom-load dispenser offers smooth, sleek appliance styling with advanced design features that make it simple to operate and easy to maintain. With the advanced ergonomic design, you simply slip a full water bottle into position with little effort and no heavy lifting. The flashing LED signal light lets you know when the water bottle is almost empty. Plus, the spacious dispensing area and fast-flow hot and cold dispensing allows you to quickly fill coffee pots, water bottles, pet bowls and everything in between!

## Advanced, versatile features

- Modern appliance styling complements any décor
- Sleek, ergonomic design
- Bottom-loading design – no need to lift and turn full water bottles upside down
- Conveniently placed spigot for easy dispensing
- Night light guides user to faucet spouts
- Hot and cold soft-touch button controls
- Spacious dispensing area
- Fast-flow dispensing quickly fills water bottles, coffee pots or large containers
- Large stainless steel 1.6-gallon cold water tank and 1.1-liter hot water tank ensure plenty of cold and hot water is always available
- Removable drip tray for easy cleaning
- Simple to install in any room with a GFCI (ground fault circuit interrupter) electrical outlet
- Compatible with 3- or 5-gallon water bottles
- Built-in safety lock function for hot water
- ENERGY STAR® rated
